Materials that celebrate creativity

- + Laminates, metals & surfacing materials that help express bold vision
- + Woodgrains with personality
- + Uncommon metal textures
- + Playful colors and patterns
- + Architectural wall panels with vast application possibilities

A still life composition featuring architectural wall panels, a yellow geometric object, green leaves, and a blue patterned fabric. The background is a light brown, textured surface. In the upper left, a yellow geometric object made of small cubes is arranged in a circular pattern. In the center, several long, thin, light-colored wooden planks are stacked diagonally. To the right, a piece of fabric with a blue and white pattern is visible. In the lower left, a green plant with large, glossy leaves is partially visible. The word "LINEA" is overlaid in large, white, bold, sans-serif capital letters across the center of the image.
